## Priorities:

- **Agriculture:** The renegotiation of the Common Agricultural Policy (CAP) in 2013 is crucial to the future of Irish agriculture and rural development. Irish MEPs must ensure that the CAP reforms have a positive impact overall for our agricultural sector and the rural way of life.
- **Workers' Rights:** The EU has a massive impact on the way in which people work: on equal pay for equal work; on pension provisions and the right to move within Europe to look for work. Phil wants to see the EU protect and strengthen workers' rights.
- **Connecting Munster to the EU:** Phil aims to ensure the people of Munster have a strong voice in Europe. She will communicate her constituents' views so that our communities can prosper and influence the development of a fairer, more equal EU.
