Priorities:

- **Employment and Social Dimension of the EU:** Proinsias believes that this area is one of the most important aspects of the European Parliament's work. The EU should assist Member States to develop employment and sustainable public services and to ensure that people are trained and educated.
- **Millennium Development Goals (MDGs):** Proinsias wants MEPs to ensure the implementation of the MDGs, particularly with regard to the horrendous maternal death toll.
- **Delegation with Palestine:** Proinsias wants the European Parliament and Member States to recognise a Palestinian State and to encourage the commencement of final status negotiations between Israel and Palestine.
